[Home](#) > Recall of 1,000-count bottle for superpotency

Generic Name:

Warfarin

Trade Name:

Coumadin

Company:

Bristol-Myers Squibb

Notes:

A lot of 1,000-count bottles of Coumadin 5 mg tablets (9H49374A) have been voluntarily recalled because the tablets may be a higher potency than expected, [FDA](#) said. Testing of a single tablet from a returned bottle of Coumadin showed that it was more potent than it should have been.
